

## Comprehensive Channel List and Sample Rate Filing Files

As per industry request, JPMO HHGS is pleased to provide the following resources. You will find a listing of all Defense Personal Property System channels and codes of service being solicited at the bottom of this page.

In addition, you will find SAMPLE or PRACTICE BidLinx files and Bulk rate files. Bidlinx files are provided for each market (dHHG, iHHG and iUB) and special solicitation channel. Bulk rate files can include as many as 3 standard markets or can be uploaded per market and a sample file for various bulk files is provided along with a file for some special solicitation channels.

The files are provided as a sample or practice worksheet to enable TSPs to see channels that SDDC will solicit. The files will allow TSPs to begin to work on rates in preparation for DPS Rate Filing but they are NOT to be used for actual DPS rate filing.

**NOTE:** These sample files CANNOT be used for actual DPS rate filing. They are provided as a sample/practice ONLY. TSPs will have to download a "fresh" BidLinx sheet(s) during the DPS rate filing. TSPs will also need to create their own bulk files and ensure that they are in the proper format. Details for formatting and rate filing can be found in the DPS Rate Filing User Guide TSP Edition at [http://www.sddc.army.mil/PP/Defense%20Personal%20Property%20Program%20DP3/Defense%20Personal%20Property%20Program%20\(DP3\)/Defense%20Personal%20Property%20System%20\(DPS\)/DPS%20User%20Guide/Rate%20Filing%20User%20Guide%20-%20TSP%20Edition.pdf](http://www.sddc.army.mil/PP/Defense%20Personal%20Property%20Program%20DP3/Defense%20Personal%20Property%20Program%20(DP3)/Defense%20Personal%20Property%20System%20(DPS)/DPS%20User%20Guide/Rate%20Filing%20User%20Guide%20-%20TSP%20Edition.pdf)

The BidLinx and Bulk file sample sheets provided here will NOT be uploadable and WILL cause errors if TSPs attempt to upload into their RFQ interface. All rates provided herein are sample rates only and SDDC does not in any way guarantee or imply that these rates are valid or acceptable/unacceptable.

TSPs CAN cut/paste rates from sample BidLinx sheets into their own BidLinx sheets once the new BidLinx sheets are downloaded.

To access the sample files and channel listing, click on <http://www.sddc.army.mil/pp/default.aspx?RootFolder=%2FPP%2FDefense%20Personal%20Property%20Program%20DP3%2FDefense%20Personal%20Property%20Program%20%28DP3%29%2FDefense%20Personal%20%20Property%20System%20%28DPS%29%2FDPS%20Rate%20Filing%2FChannel%20List%20and%20Sample%20Rate%20Files&FolderCTID=0x012000EB692AED156D7646BAE4843B44C9177E&View={31391EFE-2C6D-40A2-8B21-D1F3D204C943}>

Specific folders are located under the three headings: **2011 Comprehensive Channel-COS Listings for DP3, BinLinx Sample Sheets, and Bulk Rate Filing Sample Sheets.**
